## **DETAILED ACTION**

### ***Information Disclosure Statement***

The information disclosure statement filed 10/31/03 fails to comply with 37 CFR 1.98(a)(3) because it does not include a concise explanation of the relevance, as it is presently understood by the individual designated in 37 CFR 1.56(c) most knowledgeable about the content of the information, of each patent listed that is not in the English language. It has been placed in the application file, but the information referred to therein has not been considered.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-10 and 15-19 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims provides for the use of producing a decoration and a relief, but, since the claim does not set forth any steps involved in the method/process, it is unclear what method/process applicant is intending to encompass. A claim is indefinite where it merely recites a use without any active, positive steps delimiting how this use is actually practiced.

Further, regarding claims 1, 2, 8 and 9, it is not clear not what is encompassed by the phrase "characterized in that".

***Response to Arguments***

Applicant's election with traverse of claims 11-14 and 20 in the reply filed on 10/04/05 is acknowledged. The traversal is on the ground(s) that there would not be no serious burden come to bear on the Examiner. This is not found persuasive because the product claims a wood based material provided with a decoration and relief. Though claim 11 requires process of the decoration and relief to be stamped and the decoration to be formed by ink. The claim is to the product of a wood, provided with a decoration and a relief, which would require burdensome search on the Examiner as indicated in previous Office Action.

***Conclusion***

Claims having all the elements of claims 1-10 and 15-19 and which is definite per the conditions set forth in 35 USC 112, 2<sup>nd</sup> paragraph would be considered to avoid the prior art of record.
